MISSION STATEMENT

The mission of L.A Barber College is to teach students in the art of barbering. We want students to help continue for years to come from one of the oldest trade since the pyramids. Our goal is not just for students to pass the state board exam but to attain a license and learn to master cuts, styles and shaves so they can attain top paying employment in such a competitive field. We offer an environment that will enable the student to thrive and develop the social, physical as well as their emotional skills to be a successful and positive professional in the community in which they serve. We offer those interested in the trade of barbering the best education possible so our success as a school is defined by the success of our students.

EDUCATIONAL OBJECTIVES

We will reach our mission through consistent structured curriculum and habits. From day one the student will receive practical, theory class and instruction. We will use the Theory of Barbering to support the essential knowledge of the industry through the use of the classroom, videos, library and textbooks. The student will learn to apply what was learned and incorporate these ideas when doing their practical services on real customers in the Lab. This teaching environment mimics that of a real barbershop, helping students practice barbering with confidence. Students will be taught using proper and modern techniques in haircutting, shaves, scalp massage, facials, perms, hair coloring and shop management. Through live demos, guest speakers, hair shows and community events we hope to show students what the real world of barbering will ask of them so they can decide when they receive they're barber license where they want to be in this ever growing industry.
